

## Gymnastics Ontario Partners with First Data

**Gymnastics Ontario and First Data**, a leader in the electronic payment processing industry, have partnered to bring you benefits that can help grow your business. First Data have the expertise, insight, and payment solutions designed to affordably fit your business. We'll show you new ways to grow your business revenue with every sale, every customer, and every day.

**There are more ways to grow your business with every sale, every customer, and every day.  
Gymnastics Ontario and First Data are ready to help you:**

**Accept virtually every payment option** – including MasterCard®, Visa®, PIN-based and signature debit cards. Other available options include American Express®, Discover® Network, Diners Club International®, gift cards and cheques

**eCommerce** – for online, phone or mail-order payments, we offer state-of-the-art solutions that are convenient for your customers, as well as secure and reliable for your business.

**IVRNET** - First Data is integrated and works well with your Online Membership Registration System (IVRNET).

**TeleCheck** – offers the increased security, speed and ease your business needs wherever you accept paper or electronic cheques

**Online reporting** – access key information on all your payment streams through Business Track(SM)

**Gift and incentive card programs** – innovative solutions your business needs to help you attract new customers, drive incremental revenue, build your brand and lower costs

**Terminals and Point-of-Sale** – process virtually any payment type with our comprehensive suite of affordable terminals and peripherals

**24/7 customer service** – our goal is first-call resolution
