

NATIONAL COACHING CERTIFICATION PROGRAM NCCP

WHAT IS THE NCCCP?

National Coaching Certification Program (NCCCP) is a collaborative program of the Coaching Association of Canada (CAC), the Government of Canada, the National Sport Organization (NSO), and the Provincial/Territorial Sport Organization (PTSO).

THE LOCKER

The Locker is an online database managed by Coaching Association of Canada (CAC).

Access to The Locker will provide all coaches with the opportunity to track their progress and guide their coaching development.

The Locker is the only nationally recognized transcript for coaching credentials in Canada.

THE LOCKER

Coaches must create an account for themselves in the Locker prior to registration in their first NCCP course. This NCCP number stays consistent throughout their coaching career.

Certification Maintenance & Professional Development points will be tracked in 'The Locker'

- Coaches can view/update personal information, coaching records and access printable transcripts

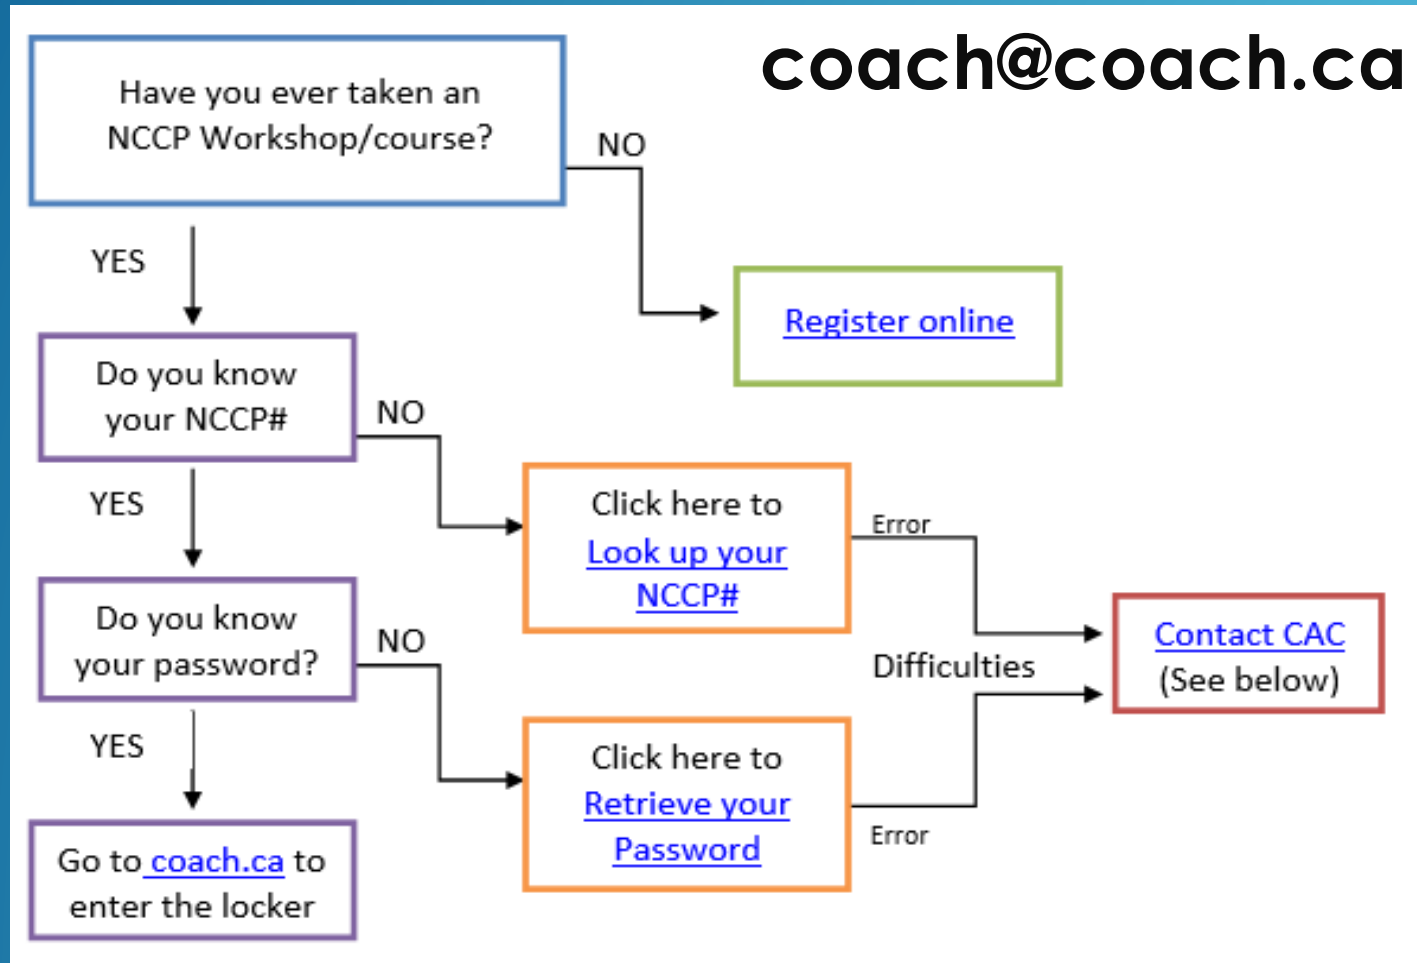

Head coaches and administrators have access to the Locker's Public Transcript.

IMPORTANT UPDATES

The Updated NCCP Training/Certification

Additional requirements such as Risk Management, Respect in Sport, and First Aid (Trampoline) contributes to full certification

Coaches are not required to become Certified in the Foundations Context in order to move on to Competition Stream

WHY THE CHANGE?

COMPETENCY BASED PROGRAMING

The updated NCCP courses are based off of competency modules to ensure that coaches are not only going through NCCP training, but also demonstrating that they understand the concepts and can apply the training into their coaching practices

NCCP TERMINOLOGY

Trained vs. Certified

Trained Coaches have completed: the technical, multi-sport theory module requirements in a specific context.

Certified Coaches have met all requirements (Technical, Theory and Practical) and are ready to move onto the subsequent context of coach training

- This coach has shown competency and the ability to apply their knowledge in a practical environment

PD POINTS

Certified Coaches are required to collect Professional Development (PD) points

Certified coaches in the old NCCCP Levels system of training do not require PD points at this time

NCCP CORE COMPETENCIES

The NCCP certifies coaches demonstrating their ability to apply critically competencies in coaching situations relevant to the athletes they coach

There are five NCCP core competencies
